

# SAFFRON/KESAR/KUMKUMAM (BOTANICAL NAME: CROCUS SATIVUS) PRODUCTS AND PRICE DETAILS FOR WHOLESALE SUPPLY

	<p><b>1. SAFFRON MONGRA (WHOLE):</b>  <b>Saffron Mongra</b> is the form of Saffron when style of the saffron flower is separated from its stigma and only remaining red portion is called MONGRA. Since there is no extraneous matter in it, it is regarded as the most superior quality of Saffron. We employ highly skilled women farmers to process MONGRA from top class flowers to make available selected quality of superior MONGRA SAFFRON to our esteemed consumers within India and abroad.</p> <p><b>Minimum Order Quantity: 1Kg.</b></p>
	<p><b>2. ORGANIC SAFFRON-MONGRA (WHOLE):</b>  The production of Organic Saffron was started in Kashmir in 2007 by few farmers in 35 acres. There was huge demand for Organic Saffron from our foreign buyers &amp; consumers. So this project was extended to further and now Organic Saffron cultivated in &gt; 200 acres. Organic Saffron is cultivated sufficiently away from normal saffron farms to prevent any cross pollination, and organic cultivation strictly follows principles and practices of organic farming, with no pesticides and chemicals.</p> <p><b>Minimum Order Quantity: 1Kg.</b></p>
	<p><b>3. SAFFRON LACHHA:</b>  Lachha is the name given to Saffron when it is procured from the fields and is dried and preserved without any further processing. The stigma carries the styles attached to it.</p> <p><b>Minimum Order Quantity: 1 Kg.</b></p>
	<p><b>4. SAFFRON MONGRA 1/2 CUT:</b>  After sorting out the proper Mongra Saffron, a variety namely 1/2 cut Mongra is left, which is little smaller in size than proper Mongra Saffron. Only its size is smaller and there is no difference in phyto-chemical content, taste and flavor compared to proper Mongra Saffron.</p> <p><b>Minimum Order Quantity: 2 Kg.</b></p>
	<p><b>5. SAFFRON MONGRA 1/4 CUT:</b>  It is taken from the 1/2 cut Mongra. It is smaller in size as compared to 1/2 cut Mongra. Only its size is smaller and there is no difference in phyto-chemical content, taste and flavor compared to proper Mongra Saffron.</p> <p><b>Minimum Order Quantity: 2 Kg.</b></p>

	<p><b>6. SAFFRON POWDER (NORMAL&amp;ORGANIC MIXED):</b></p> <p>Saffron in powder form is also available.</p> <p><b>Minimum Order Quantity: 2 Kg.</b></p>
	<p><b>7. SAFFRON CHOORA (NORMAL&amp;ORGANIC MIXED)</b></p> <p>Saffron Choora is the smaller and broken parts of the Saffron and it is taken after drying of the product. Deep flavor and aroma of this product matches with all the varieties of Saffron products.</p> <p><b>Minimum Order Quantity: 2 Kg.</b></p>
	<p><b>8. SAFFRON STYLE(NORMAL&amp;ORGANIC MIXED)</b></p> <p>After separating Mongra from Lachha, we get Saffron Style which is Yellowish in Colour. This product is also known as Zarda. This also carries the saffron flavor and taste.</p> <p><b>Minimum Order Quantity: 5 Kg.</b></p>
	<p><b>9. SAFFRON STAMIN (NORMAL&amp; ORGANIC MIXED)</b></p> <p>The Saffron flower contains three parts of Stamin besides Saffron Stigma. The Stamin of the Saffron flower is also known as Patti, in Kashmiri.</p> <p><b>Minimum Order Quantity: 5 Kg.</b></p>
	<p><b>10. SAFFRON PETALS(NORMAL &amp; ORGANIC MIXED)</b></p> <p>After separating the Saffron from the flower, the petals of the flowers are dried and preserved. It is also used for medicinal and culinary purpose.</p> <p><b>Minimum Order Quantity: 20 Kg.</b></p>
	<p><b>11. SAFFRON CORMS (BULBS)</b></p> <p>The Saffron Corms (Bulbs) will be available for plantation in the months of Aug-Sept only.</p> <p><b>Minimum Order Quantity: 20 Kg.</b></p>
